PETITION TO THE PRESIDENT OF INDIA AND TO UNESCO AGAINST DESTRUCTION OF THE UNIQUE WORLD HERITAGE OF RAM SETU

THE LEGENDARY BRIDGE OF GOD RAMA BETWEEN INDIA & SRI LANKA !

We, the undersigned express our horror and disagreement to the plan of Indian Government to destroy Ram Setu – the bridge between India and Sri Lanka, that we consider World's historical, spiritual and craftsmanship heritage.

It not only provides the historical evidence to the sacred legend of Sri Ramayan and Sri Ramcharit Manasa that is one of the most inspiring books of Hindus, but it also stands for very significant monument of power of human belief and skills of our predecessors.

We therefore ask you to stop the Setu Samudram Project, which is aimed at destruction of this invaluable heritage of ancient India for the sake of shipping savings.
